WHMIS 2015

Full / Refresher: 3 Hours

Full Course: \$65 + HST

Refresher: \$45 +HST

Learn about the **Workplace Hazardous Materials Information System 2015** after its alignment with GHS, an internationally consistent approach to classifying chemicals and communicating hazard information through supplier and workplace labels, hazard recognition, and Safety Data Sheets (SDSs). Participants will learn about the new requirements (December 1, 2018 compliance deadline), how to understand labels and identify hazards and their classes, as well as understand the appropriate protective measures by reading the new Safety Data Sheets (SDSs). Hands on practice writing labels for workplace-specific hazards meets Ontario Regulations under the Occupational Health & Safety Act (OHSA).

- April 16 9 am to 12 pm
- May 6 9 am to 12 pm

WORKING AT HEIGHTS Fundamentals of Fall Protection (IHSA)

First Time: 7 Hours
Refresher 3-4 Hours

IHSA's Module ① **Basic Theory (3 hours)** which is knowledge and theory based, covering rights and responsibilities, hazard identification, PPE requirements, warning methods, physical barriers, and ladder safety. **Module ② Practical (3 -4 hours)** includes hands-on demonstration of equipment and procedures and the proper use of fall protection gear. Candidates must complete both the theory and practical modules and demonstrate competency to complete the course and receive a temporary certificate upon completion. Certification valid for three years from date of issue.
